

Munmorah Power Station

Important Ownership and Contact Information

On 21 October 2016 ownership of Munmorah Power Station and surrounding lands was transferred to a new NSW Government business – Generator Property Management Pty Ltd (GPM). Munmorah Power Station is no longer owned by Delta Electricity.

GPM is based at a new office facility on the grounds of the Munmorah power station, and will continue to operate the Community contact number previously used by Delta.

The power station and most of the associated infrastructure at the power station is currently being demolished and removed from site under a principal contract arrangement with Liberty Industrial. The project to demolish the power station continue until late 2018.

GPM has also taken over the EPA licence (759) issued by the EPA under the Protection of the Environment Operations Act, and will be responsible for the ongoing management of the lands including all safety and environment obligations.

If you have any concerns regarding Munmorah power station or the surrounding lands, or wish to alert us to any potential issue regarding environmental pollution or discharge please call and leave a message on 1800 817 711.

If we are aware of any issues that arise that may cause Community concern or have a local impact we will endeavour to provide updated information which will be available on our community contact number 1800 817 711.

GPM can also be contacted at info@gpmco.com.au or by post at PO Box 132, Budgewoi NSW 2262.
