Quotation

DELTA ELECTRICITY

SPECIFICATION AND QUOTATION NO.C1179/19

VALES POINT POWER STATION

DESIGN, SUPPLY, INSTALL AND REMOVAL OF MAIN FURNACE SCAFFOLD

SUMMARY OF SPECIFICATION

The following summary indicates the general nature of the Works for which The Principal desires Tenders to be submitted and is issued to enable Contractors to make an assessment whether the Specification documents should be obtained from The Principal for the purpose of submitting a tender response. It does not form part of the Specification and should not be included as part of the Tenderer's offer.

PURPOSE OF WORK

The Contractor is responsible for the design, supply, install, and removal of a main furnace scaffold for the Vales Point Power Station for the Unit 6 Major Outage in 2020.

LOCATION OF SITE

The Vales Point Power Station is located on the southern shore of Lake Macquarie, approximately 130 km north of Sydney, New South Wales, and approximately 3 km off the Pacific Highway North of Doyalson.

EXTENT OF WORK

The Works performed by The Contractor must include, but not be limited to, the following:

- a) Transport and handling of all Scaffolding and materials delivered to site;
- b) Scaffold to be of lightweight rapid build type;
- c) Site mobilisation and handling of Scaffolding and materials;
- d) Induction and training of all Contractor personnel working on the Vales Point Site;
