## Retail Energy

The skilled team at Delta Electricity has over 50 years' experience in operating power stations and servicing the energy needs of large industrial customers. The extensive industry knowledge and skills of our dedicated team ensures the long term and reliable supply of energy to the market. Delta is now using these strategic capabilities to extend our business retail services to large customers' across all National Electricity Market states.

Delta Electricity understands and is solely focussed on the energy needs of large commercial and industrial users. Delta can work with your

organisation to tailor flexible long term energy solutions to meet your individual business needs.

To discuss Delta's business energy solutions, contact our dedicated retail energy team.
