## Sponsorship

Delta prides itself on being a socially responsible organisation that “gives back” to communities near our power station operations.

Through sponsorship and donations we invest in many community activities, programs, services and facilities, often in partnership with Central Coast and Lake Macquarie Councils. Each year a community relations plan is prepared which identifies issues emerging in our local community and actions that will enhance the quality of life of those who live in the area.

We help improve local parks for families and people with disabilities and sponsor community events such as Australia Day. Also provide

support for Landcare and other environmental work and help many local organisations including Tidy Towns, the Country Women's Association, the Cancer Council, surf clubs, playgroups and local high schools.

Tertiary students can also benefit from scholarships we provide for the University of Newcastle, Ourimbah Campus.

You make a request for support by completing the Sponsorship Application Form.
