Generation

Delta Electricity operates one coal-fired power station providing a reliable supply of 24 hour, baseload electricity.

The Vales Point Power Station is at the southern end of Lake Macquarie, about 35 km south of Newcastle.

Vales Point A Station

Was built in the 1960s as a four-unit station. These generating units were decommissioned in the late 1980's.

Vales Point B Station

Vales Point now operates two 660 MW generating units (units 5 and 6). These units were commissioned in the late 1970's.
